

CASEY & PORRELLO FUNERAL PARLOR

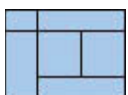

HOWARD BEACH, NY

Casey & Porrello Funeral Parlor, a local family run business in Howard Beach, NY, was unfortunately flooded during Superstorm Sandy. Previously, the owners had hired Laura Heim to complete a zoning study for the property. After the business was flooded, the owner returned for consultations about possible new configurations of the interior; the entire ground floor needed to be rebuilt and furnished. After reviewing several options, the client decided to rebuild according to the original configuration. The finishes, lighting, and furniture layouts were studied in detail, and the final selections created a functional, clean and warm space for funeral services. The result is a welcoming and comfortable environment.

Type: Commercial Renovation
Program: Funeral Parlor
Area: 1000 SF
Status: Completed 2013
